
TABLE OF CONTENTS

FOREWORD	3
ACKNOWLEDGEMENTS	4
EXECUTIVE SUMMARY	9
RECENT MARKET TRENDS	13
Summary	13
Demand	13
OECD demand trends.....	15
Non-OECD demand trends.....	19
Supply	22
OECD supply trends.....	22
Non-OECD supply trends.....	24
References.....	25
MEDIUM-TERM PROJECTIONS OF DEMAND AND SUPPLY	26
Summary	26
Introduction.....	26
Assumptions and methodology.....	27
Projection of global coal demand	28
OECD coal demand in power generation	29
OECD coal demand in non-power sectors	30
Non-OECD coal demand in power generation	31
Non-OECD coal demand in non-power sectors	34
Regional focus: China	36
Projection of global coal supply	38
OECD coal supply.....	39
Non-OECD coal supply.....	39
RECENT DEVELOPMENTS IN INTERNATIONAL TRADE	42
Summary	42
Seaborne hard coal market 2009-2010.....	42
Price developments.....	44
Cost developments.....	52
Regional analysis	56
Exporters	56
Importers.....	63
References.....	69
MEDIUM-TERM PROJECTIONS OF SEABORNE TRADE	71
Summary	71
Assumptions and methodology.....	71
Scenario design	72

Projections of seaborne hard coal trade	73
Projections of seaborne thermal coal trade.....	74
LPS	75
HPS	77
Projections of seaborne metallurgical coal trade	80
LPS	80
HPS	83
References.....	86
UTILISATION OF EXPORT CAPACITY AND INVESTMENTS	87
Summary	87
Utilisation of export capacity in 2009-2010	87
Utilisation of export mine capacity	88
Utilisation of domestic transport infrastructure.....	89
Utilisation of port capacity	90
Export capacity investments 2011-2016	91
Port and domestic transport capacity investments	91
Export mine capacity investments	94
References.....	100
MEDIUM-TERM PROJECTIONS OF EXPORT CAPACITY UTILISATION	101
Summary	101
Assumptions and methodology.....	101
Projected utilisation of export capacity	102
Regional analysis	103
Australia	103
South Africa.....	105
Colombia	107
Russia	108
Indonesia.....	109
United States.....	110
TABLES	111

LIST OF BOXES

Box 1 Coal for beginners	14
Box 2 Coal-to-liquids: making an oil rig out of a coal mine.....	32
Box 3 Carbon dioxide and emission reduction policies.....	37
Box 4 Underground coal gasification	40
Box 5 Has coal trade become a casino visit?.....	44
Box 6 Will Fukushima boost coal demand?	64
Box 7 Big brother is watching you – government interventions in coal trade.....	85
Box 8 Digging deep into the Galilee Basin.....	97
Box 9 The impact of 2010/2011 floods in Queensland	104

LIST OF FIGURES

Figure 1	Coal-based electricity generation in selected OECD countries, 2008-2010.....	17
Figure 2	Monthly crude steel production in OECD countries in thousand metric tonnes, 2008–2010.....	19
Figure 3	Evolution of global coal consumption (hard and brown coal)	20
Figure 4	Monthly Chinese thermal power generation and monthly Chinese coal burn.....	21
Figure 5	Monthly crude steel production in selected non-OECD countries in thousand metric tonnes, 2008-2010.....	22
Figure 6	Projection of total global coal demand until 2016.....	28
Figure 7	Projection of coal demand in power generation for OECD economies	30
Figure 8	Projection of coal demand in non-power sectors for OECD economies.....	31
Figure 9	Projection of coal demand in power generation for non-OECD economies.....	32
Figure 10	Projection of coal demand in non-power sectors for non-OECD economies	34
Figure 11	Steel use per capita and GDP per capita for selected countries	35
Figure 12	Regional distribution of CO ₂ emissions and emission source	38
Figure 13	Total global coal supply in Mtce, 2009-2016	39
Figure 14	Non-OECD coal supply in Mtce, 2009-2016	40
Figure 15	Evolution of seaborne hard coal trade since 2000.....	43
Figure 16	Long-term historical development of steam and coking coal prices	45
Figure 17	Evolution of major steam coal price indices	46
Figure 18	Evolution of monthly Chinese hard coal imports.....	47
Figure 19	South African steam coal exports to major north-western European countries and cost advantage of South African steam coal to north-western European ports (FOB price in Richards Bay + Freight RB to Rotterdam – CIF price in NWE).....	48
Figure 20	Evolution of coking coal price benchmark contracts and price indices	49
Figure 21	Breakdown of coal supply chain components for major coal mining regions (CIF north-western Europe).....	50
Figure 22	Outlook for bulk carrier freight capacity.....	51
Figure 23	Indicative supply cash-cost curves for seaborne traded steam coal (FOB) for 2005, 2008 and 2010	53
Figure 24	Indicative supply cash-cost curves for seaborne traded metallurgical coals for 2005, 2008 and 2010	54
Figure 25	Differences in net trade between LPS and HPS.....	74
Figure 26	Seaborne steam coal imports in the LPS.....	76
Figure 27	Seaborne steam coal exports in the LPS	77
Figure 28	Seaborne steam coal imports in the HPS	78
Figure 29	Seaborne steam coal exports in the HPS	79
Figure 30	Seaborne metallurgical coal imports in the LPS.....	81
Figure 31	Seaborne metallurgical coal exports in the LPS	82
Figure 32	Seaborne metallurgical coal imports in the HPS.....	84
Figure 33	Seaborne metallurgical coal exports in the HPS	84
Figure 34	Port capacity, mining capacity, exports and utilisation (2010)	89
Figure 35	Projected cumulative additions to coal terminal capacities	92
Figure 36	Cumulative probable expansions of hard coal export mining capacity	95
Figure 37	Cumulative potential expansions of hard coal export mining capacity	96

Figure 38	Outlook for global export capacity utilisation for seaborne hard coal trade until 2016.....	103
Figure 39	Outlook for Australian export capacity utilisation for seaborne hard coal until 2016	104
Figure 40	Outlook for South African export capacity utilisation for seaborne hard coal until 2016.....	106
Figure 41	Outlook for Colombian export capacity utilisation for seaborne hard coal until 2016 ...	108
Figure 42	Outlook for Russian export capacity utilisation for seaborne hard coal until 2016.....	108

LIST OF TABLES

Table 1	Major hard coal and brown coal consumers among OECD countries	16
Table 2	Major hard coal and brown coal producers among OECD countries.....	23
Table 3	Projection of coal demand until 2016	29
Table 4	Coal demand projections for China.....	37
Table 5	Breakdown of important input factors for coal mining in Australia	56
Table 6	Coal demand, 2009-2016, in Mtce	111
Table 7	Coal production, 2009-2016, LPS, in Mtce	111
Table 8	Coal production, 2009-2016, HPS, in Mtce	112
Table 9	Hard coal net imports, 2009-2016, LPS, in Mtce.....	112
Table 10	Hard coal net imports, 2009-2016, HPS, in Mtce	113
Table 11	Seaborne steam coal imports, LPS, 2009-2016, in Mtce.....	113
Table 12	Seaborne steam coal imports, HPS, 2009-2016, in Mtce.....	113
Table 13	Seaborne steam coal exports, LPS, 2009-2016, in Mtce	114
Table 14	Seaborne steam coal exports, HPS, 2009-2016, in Mtce	114
Table 15	Seaborne metallurgical coal imports, LPS, 2009-2016, in Mtce.....	114
Table 16	Seaborne metallurgical coal imports, HPS, 2009-2016, in Mtce.....	115
Table 17	Seaborne metallurgical coal exports, LPS, 2009-2016, in Mtce	115
Table 18	Seaborne metallurgical coal exports, HPS, 2009-2016, in Mtce	115
Table 19	Indicative net calorific values of internationally traded steam coal in kcal/kg.....	116
