

TABLE OF CONTENTS

EXECUTIVE SUMMARY	9
General	9
Power generation	10
The environment	10
Technology transfer	11
Future prospects	12
1. THE ECONOMIC CONTEXT	13
1.1 Profile of the economy	13
1.2 Economic prospects	15
2. CHINA'S ENERGY ECONOMY	19
2.1 Energy reserves	19
2.2 Energy supply	19
2.3 Energy consumption	21
2.4 Energy issues	24
3. THE COAL INDUSTRY	27
3.1 Structure of the coal sector	27
3.2 Coal supply	31
3.3 Coal consumption	39
3.4 Coal-related infrastructure	42
3.5 Coal market issues	46
4. COAL AND THE ENVIRONMENT	53
4.1 Background	53
4.2 Regulatory structure	54
4.3 Impact of coal mining	55
4.4 Impact of coal combustion	56
4.5 Energy policy options	60
5. TECHNOLOGY TRANSFER	67
5.1 Foreign investment policies and practices	67
5.2 Electricity sector and Independent Power Producers (IPPs)	69
5.3 Clean coal technologies	75
6. FUTURE PROSPECTS	79
6.1 Current reforms in the coal industry	79
6.2 Challenges	80
6.3 Opportunities for co-operation	81

ANNEXES

GOVERNMENT ORGANISATION CHART	84
I. GOVERNMENT STRUCTURE AND DECISION MAKING	85
II. HISTORICAL AND DEMOGRAPHIC PERSPECTIVES.....	87
III. INFRASTRUCTURE	89
IV. TECHNOLOGY TRANSFER	93
V. DATA TABLES.....	103

FIGURES

1 Indigenous energy production.....	21
2 Electricity production by fuel	22
3 Total final commercial energy consumption: industry sector.....	23
4 Total final commercial energy consumption: residential/commercial sectors	24
5 Coalfields in China.....	32
6 China's importance in world hard coal production: 1998	33
7 Total final coal consumption: 1980-1997	40
8 Chinese coke production: 1971-1997	42
9 Coal exporting provinces: net coal exports to other provinces: 1996	48
10 Coal importing provinces: net coal imports from other provinces: 1996	49
11 CO ₂ emissions from coal use by sector: 1980-1996.....	60
12 Electricity consumption: 1980-1996.....	72

DATA TABLES IN ANNEX V

1 World Coal Reserves (million tonnes).....	103
2 Coal production by Province (million tonnes)	104
3 Raw coal production by type of coal	105
4 Coal production by producer	106
5 China's coal exports 1985-1998 (million tonnes).....	107
6 China's coal imports 1985-1998 (million tonnes).....	107
7 China's coal flows (million tonnes).....	108
8 Production statistics for 14 major opencast mines in China.....	108
9 Raw coal production by types: 1994-1996 (million tonnes)	109
10 Production of washed coal: 1980-1993 (million tonnes)	110
11 Summary of washed coal from state-controlled coal preparation plants.....	110
12 China's freight transport by type: 1980-1996.....	111
13 Transportation demand in China: by weight-distance	112
14 Comparison of average efficiencies for electricity generation	113
