

# TABLE OF CONTENTS

<b>Foreword</b> .....	<b>3</b>
<b>Acknowledgements</b> .....	<b>5</b>
<b>Maps</b> .....	<b>7</b>
<b>Executive Summary</b> .....	<b>15</b>
<b>Key Messages</b> .....	<b>17</b>
<b>Main Conclusions and Policy Recommendations</b> .....	<b>19</b>
■ Introduction .....	19
■ About this Study.....	20
■ Key Conclusions of the Study.....	21
■ Key Recommendations .....	29
■ Energy Policy Challenges .....	41
<b>1. Economic, Energy and Environmental Context</b> .....	<b>43</b>
■ The Economic Context .....	43
■ The Energy Situation .....	48
■ The Environmental Context .....	58
■ Conclusions .....	61
<b>2. China's Natural Gas Market: Today and Tomorrow</b> .....	<b>63</b>
■ China's Natural Gas Market Today .....	63
■ Natural Gas Demand Outlook .....	67
■ Natural Gas Supply Outlook .....	74
■ Gas Industry Structure and Legal Framework .....	79
■ Key Challenges in Developing China's Natural Gas Market .....	84
■ Conclusions .....	89
<b>3. Defining a Strategic and Policy Framework: Lessons from Developed Gas Markets</b> .....	<b>91</b>
■ Generic Characteristics of Gas Industry and Market .....	91
■ Characteristics of the Chinese Gas Market .....	95
■ Lessons and Experiences from Developed Gas Markets .....	98
■ Major Implications for China's Gas Strategy and Policy Framework .....	113
■ Recommendations .....	121
<b>4. Gas for Power Generation</b> .....	<b>123</b>
■ Trends and Prospects in Power Generation in China .....	123
■ Potential for Gas-Fired Power Generation .....	126

■ Critical Issues For Developing Gas-Fired Power Generation .....	134
■ Policies and Measures for Increasing Gas Use in Power Generation .....	145
■ Conclusions and Recommendations .....	152
<b>5. Issues of Local Gas Distribution.....</b>	<b>155</b>
■ The Current Status of Gas Distribution in China .....	155
■ Key Problems Today .....	157
■ Organising the Conversion to Natural Gas .....	162
■ Ensuring the Security of Supply .....	165
■ Getting the Economics Right: Gas Distribution Cost and Pricing .....	168
■ Policies and Measures to Develop Downstream Gas Markets .....	172
■ Recommendations .....	176
<b>6. Natural Gas Pricing and Taxation .....</b>	<b>177</b>
■ Current Gas Allocation and Pricing System in China .....	178
■ Problems with Current Pricing System .....	184
■ The Transition to Market-Based Gas Pricing .....	188
■ Gas Pricing Regulation .....	194
■ Taxation of Natural Gas .....	197
■ Fiscal and Price Reform to Promote Gas Market Development .....	202
■ Recommendations .....	206
<b>7. Issues Surrounding Long-Distance Gas Pipelines .....</b>	<b>207</b>
■ Long-distance Gas Pipelines in or involving China .....	207
■ Stages in Building a Gas Pipeline .....	208
■ General Conditions for Long-distance Gas Pipelines .....	210
■ The West-East Gas Pipeline .....	215
■ Issues on Pipeline Gas Imports and Transit .....	225
■ North-East Asia Gas Pipeline Network: Prospects and Key Challenges .....	238
■ Recommendations .....	239
<b>8. Gas Market Development Through LNG Imports .....</b>	<b>241</b>
■ Distinct Characteristics of LNG Projects .....	241
■ Current Status of Plans to Import LNG .....	243
■ Regional LNG Markets Trends and Prospects .....	249
■ Key Issues for Developing LNG Import Projects in China .....	254
■ Recommendations .....	258
<b>9. Financing Gas Infrastructure Projects .....</b>	<b>259</b>
■ Investment Needs .....	259
■ Major Financing Sources .....	260

■ Commerciality and Risk Management .....	267
■ Specifics of Financing Gas Infrastructures .....	270
■ Conclusions and Recommendations .....	276
<b>10. Policies and Regulations on Foreign Investment in China's Natural Gas Sector.....</b>	<b>279</b>
■ Laws and Regulations on Foreign Investment in China .....	279
■ Foreign Investment in China's Gas Sector .....	286
■ Special Policies for Foreign Investment in West-East Pipeline Project .....	288
■ Conclusions and Recommendations .....	289
<b>11. Policy-making, Structure and Regulation .....</b>	<b>293</b>
■ Current Allocation of Policy-making and Regulatory Responsibilities .....	293
■ Clarifying the Legal Framework .....	296
■ Organisational and Institutional Arrangements.....	298
■ Gas Industry Structural Reform .....	303
■ Regulation of Gas Transmission and Distribution .....	307
■ Recommendations .....	316
<b>Annexes .....</b>	<b>317</b>
<b>A1. China's Environmental Laws and Regulations Related to Air Pollution ..</b>	<b>319</b>
■ Environmental Laws .....	319
■ Regulations Related to Air Pollution .....	320
<b>A2. Summary of Laws and Regulations Governing Oil and Gas Activities in China .....</b>	<b>325</b>
■ The Mineral Resources Law .....	325
■ Rules on Implementation of the Mineral Resources Law .....	326
■ Regulations on Transfer of Exploration and Mining Rights .....	328
■ Regulations on Registration over Mineral Resources Exploration .....	329
■ Regulations on Registration over Mineral Resources Exploitation .....	330
■ Regulations on the Exploitation of Offshore Petroleum Resources in Co-operation with Foreign Enterprises .....	332
■ Regulations on the Exploitation of Land Petroleum Resources in Co-operation with Foreign Enterprises .....	333
<b>A3. Competitiveness of Natural Gas in Shanghai .....</b>	<b>335</b>
■ Shanghai's Energy Situation .....	336
■ Natural Gas Development in Shanghai .....	337
■ Natural Gas Price in Shanghai .....	339
■ The Competitiveness of Natural Gas in Shanghai .....	340

- The Price and Non-price Factors that Hinder the Wider Use of Natural Gas  
in Shanghai ..... 345
- Policies and Measures for the Development of a Natural Gas Market  
in Shanghai ..... 346
- Environmental Protection Measures in Shanghai ..... 347
- Conclusions ..... 349

- Abbreviations ..... 351**
- Glossary of Terms ..... 355**
- List of Tables, Figures, Boxes and Maps ..... 359**
- Bibliography ..... 365**
