

TABLE OF CONTENTS

Foreword	3
Acknowledgements	5
Table of contents	7
Key messages	15
Executive summary	17
Recent events	21
What's driving prices?	21
Is gas globalising and what do we mean by this?	25
Major investment project decisions, commitments, and approvals	28
Trading developments in Western Europe	30
Regional demand and supply balance to 2015	37
Investment in new supply projects	41
Pipeline investment in North America	41
New transmission pipeline projects in Europe and Central Asia	48
Strategies of gas producing countries, national oil companies and international oil companies	63
Gas for power	75
Evolution of gas-fired power in OECD countries	75
Impact of higher gas prices	76
Outlook on new projects	77
Liquefied natural gas	81
Recent developments in LNG markets	81
LNG production: delays and cost increases	88
Importing country developments	93

Exporting country developments	95
Changing trends in LNG projects and finance	112
OECD countries and regions	119
Japan	119
North America	124
European Union	134
Germany	142
Italy	147
Non-OECD countries and producing regions	153
Russia	153
Ukraine	163
Caspian region	167
Middle East and North Africa	170
China	181
India	186
Southeast Asia	190
Latin/South America	201
West Africa	212
Gas security	217
Member country provisions	217
Gas stocks	225
Advanced technologies to deliver gas to markets	227
The potential of unconventional gas	227
Improving gas transport	228

Better access to gas reserves	229
Challenges of frontier gas resources	230
Annex A: Developments in LNG receiving terminals	233
Annex B: LNG liquefaction plants	261
Annex C: Investment and finance for recent LNG projects	265
Annex D: Abbreviations	271
Annex E: Glossary	273
Annex F: Conversion factors	275
Notes	277
