

The 20th Anniversary 2003 Windsor Workshop on Transportation

•June 2 – 5, 2003 • Westin Harbour Castle • Toronto, Ontario, Canada

ABSTRACTS

The Windsor Workshop 2003 Selection Committee is currently accepting abstracts for presentations. Abstracts should emphasize the importance of your field of knowledge relating to sustainability, trends, improvements, as well as overall economic and industry impacts.

Workshop topics include: technologies related to efficiency, materials, engines, advanced power-plants and vehicles; fuels including hydrogen, bio-fuels and other alternatives; fuelling infrastructure; transportation policies and programs; regulations and standards; and transportation systems. For more details on the topics and the workshop, visit our web site at: www.windsorworkshop.ca

Please forward a one-page (200-300 words) detailed description of your presentation for review. All submissions should be received by the Secretariat by October 4, 2002.

ABSTRACT SUBMISSION FORM

Abstracts can be sent electronically to windsorworkshop@nrcan.gc.ca Documents should be in Microsoft Word and include all information requested on the Submission Form.

To submit by fax or mail, please complete the form below, attach your abstract and fax to:
613.996.9416

or mail to:
