

PARTICIPATION IN IEA TECHNOLOGY COLLABORATION PROGRAMMES (TCPs)

28 February 2018

Selected recent developments

The Ministry of Economic Affairs and Communication of Estonia became a Contracting Party to the **TCP on Bioenergy** on 26 February 2018.

Mexico officially became the 30th member country of the IEA on 17 February 2018, and its first member in Latin America. Mexico joined its first TCP in 1997 and currently participates in 10 TCPs.

Participation of the **Ministry of Energy and Mines of Argentina** as Contracting Party to the **TCP on Gas and Oil (GOTCP)** was approved by the CERT on 14 February 2018.

The University of Zagreb, Croatia became a Contracting Party to the **TCP on Advanced Fuel Cells (AFC TCP)** on 25 January 2018.

Natural Resources Canada became a Contracting Party to the **TCP on Gas and Oil (GOTCP)** on 17 January 2018.

The Ministry of Economic Affairs and Employment of Finland became a Contracting Party to the **TCP on Clean Energy Education and Empowerment (C3E TCP)** on 22 December 2017.

The Australian Nuclear Science and Technology Organisation (ANSTO) became a Contracting Party to the **TCP on Plasma Wall Interaction (PWI TCP)** on 7 November 2017.

FINEP of Brazil became a Contracting Party to the **TCP on Gas and Oil (GOTCP)** on 24 October 2017.

ECOPETROL of Colombia became a Contracting Party to the **TCP on Enhanced Oil Recover (EOR TCP)** on 10 October 2017. This is a first-time participation by Colombia in a Technology Collaboration Programme.

CEREMA of France became a Contracting Party to the **TCP on District Heating and Cooling (DHC TCP)** on 3 October 2017.

VTT Technical Research Centre of Finland became a Contracting Party to the **TCP on Buildings and Communities (EBC TCP)** on 25 August 2017.

Centro Nacional del Hidrogeno (CNH2) of Spain became a Sponsor to the **TCP on Advanced Fuel Cells (AFC TCP)** on 10 August 2017.

J-Power of Japan became a Sponsor to the **TCP on Greenhouse Gas R&D (GHG TCP)** on 2 August 2017.

King Abdullah Petroleum Studies and Research Centre (KAPSARC) of Saudi Arabia became a Sponsor to the **TCP on Hybrid and Electric Vehicles (HEV TCP)** on 2 August 2017.

Southern Company Services, Inc. of the United States became a Sponsor to the **TCP on Greenhouse Gas R&D (GHG TCP)** on 1 August 2017

The new **Technology Collaboration Programme on Clean Energy Education and Empowerment (C3E TCP)**, was **Natural Resources Canada** became a Contracting Party to the **C3E TCP** on 1 June 2017.

The **Swedish Ministry of the Environment and Energy** became a Contracting Party to the **C3E TCP** on 12 June 2017.

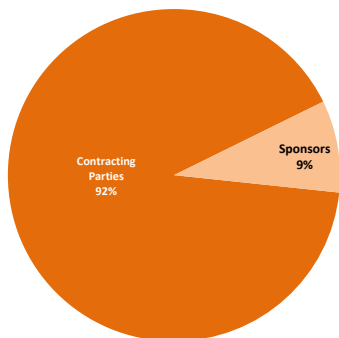

The **Italian National Agency for New Technologies, Energy and Sustainable Economic Development (ENEA)** became a Contracting Party to the **C3E TCP** on 7 July 2017.

**There are two possible categories of participation in a TCP, as a Contracting Party, or CP (an entity designated by the government of an OECD member or non-member country) or as a Sponsor, or SP (an entity of an OECD member or non-member country that is not designated by the government of their respective country).*

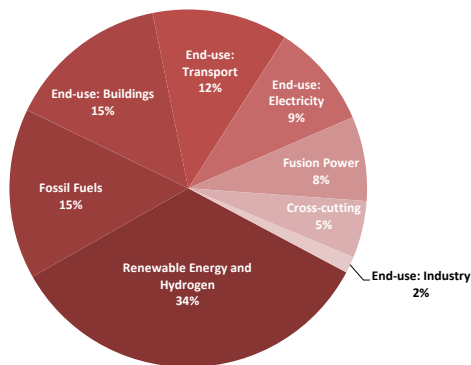

PARTICIPATION IN TECHNOLOGY COLLABORATION PROGRAMMES (TCPs)

Participation by category

Participation by TCP grouping

TCPs in which countries participate

Notes

There are two possible categories of participation in a TCP, as a Contracting Party, or CP (an entity designated by the government of an OECD member or non-member country) or as a Sponsor, or SP (an entity of an OECD member or non-member country that is not designated by the government of their respective country).

Participation of intergovernmental organisations, namely the European Commission (EC), the Economic Community of West African States (ECOWAS), ITER, and the Organisation for Petroleum Exporting Countries (OPEC), are reported under the category 'intergovernmental' rather than the country in which the organisation is located.

Participation represents the number of entities participating in each TCP. An entity may participate in more than one TCP.

*Participation of intergovernmental organisations located in this country is reported under the name of the organisation in the section IGOs.

Luxembourg does not as yet participate in any TCPs.

Intergovernmental represents the European Commission (EC), the Economic Community of West African States (ECOWAS), ITER, and the Organisation for Petroleum Exporting Countries (OPEC).

There are two possible categories of participation in a TCP, as a Contracting Party, or CP (an entity designated by the government of an OECD member or non-member country) or as a Sponsor, or SP (an entity of an OECD member or non-member country that is not designated by the government of their respective country).
