*Policy
Pathway*

Aims & objectives

- **Aim** is to assist governments to implement energy efficiency policy effectively
- **Objective** is to identify, analyse and communicate to all governments innovative policy pathways (steps and milestones) for implementing energy efficiency

POLICY PATHWAY to MVE implementation

Policy Pathway series

■ Schedule of work

- **Policy Pathways**
 - Appliances monitoring, verification and enforcement (Oct 2010)
 - Buildings certification (November 2010)
 - Industrial energy management (March 2011)
 - Public-private partnerships for energy efficiency finance (June 2011)

- **New Energy efficiency roadmaps:**
 - Advanced windows for buildings (October 2011): roadmap
 - Solid state lighting (2011): roadmap
 - Vehicle efficiency (2011/12)
