

In support of the G8 Plan of Action

ETP 2008 Towards Country Level Granularity

Date: Monday, June 4, 2007 (10.00 – 18.00)
Tuesday, June 5, 2007 (9:00 – 16:00)
Venue: IEA Headquarters, Room 2 (Monday) and Room 1 (Tuesday)
Contacts: Dolf Gielen, dolf.gielen@iea.org; phone +33 1 40576657
GianCarlo Tosato, gct@etsap.org, cell: +39.335.537-7675

June 4

10.00 Dolf Gielen - IEA
Welcome

10.15 GianCarlo Tosato - ETSAP
Potential ETSAP contribution

10.30 Dolf Gielen - IEA
Energy Technology Perspectives 2008

10:45 Coffee Break

11:00 Thomas Martinsen - IFE
Softlinking of ETP and country models

11.30 Dolf Gielen - IEA
Common scenario assumptions

12:00-13:30 Lunch Restaurant Le Feyrouz, 8 Rue de Lourmel

Participants: Country models

This session will focus on the key characteristics of the national models. 15 minute presentations will be followed by 15 minutes question and answer.

13:30 Thomas Alfstad – Brookhaven National Laboratories
US

14:00 Markus Blesl – IER University Stuttgart
Germany and EU

14:30 Volker Krey – Fachzentrum Juelich
Germany

15:00 Edi Assoumou – ENSMP
France

15:30 Coffee break

16:00 Francesco Gracceva – ENEA
Italy

16:30 Other countries

17:00 Next steps and time line

18.00 Closure

June 5

This day will focus on key technology assumptions. IEA presenters will give a 15 minute introduction of ETP assumptions, followed by 15 minutes discussion.

9:00 End-Use Efficiency – Corinna Woolford and Peter Taylor

9:30 CCS: latest IEA dataset – Kamel Bennaceur and Uwe Remme

10:00 Industry – Dolf Gielen

10:30 Coffee Break

11:00 Buildings and Appliances – Michael Taylor

11:30 Transport efficiency and Alternative Transportation Fuels – Pierpaolo Cazzola

12:00-13:30 Lunch

13:30	Renewables in power generation – Uwe Remme
14:00	CHP, district heating and cooling – Tom Kerr
14:30	Technology Learning and Deployment – Cecilia Tam
15:00	Beyond the Tech Plus scenario – Dolf Gielen
15:30	Roundtable
16:00	Closure
