## The International Energy Agency (IEA) and the International Partnership for the Hydrogen Economy (IPHE)

Final workshop

### Building the Hydrogen Economy: Enabling Infrastructure Development

Shanghai, The Galaxy Hotel, 888 Zhong Shan Xi Road, October 22-24, 2007

#### WORKSHOP OBJECTIVES

- ▣ Convene public and private sector officials in an international strategic process to evaluate transition planning scenarios for the expansion of infrastructure for the hydrogen economy.
- ▣ Inform policymakers on opportunities to accelerate these transition plans through policy instruments.
- ▣ Using the IEA *Energy Technology Perspectives* (ETP) model and other proven tools, quantitatively analyze hydrogen economy scenarios and market transformation planning for key countries and the world out to 2050.
