

Workshop on International Comparison of Industrial Energy Efficiency

Agenda

Day 1 Mar. 18, 2008

Time	Content	Speaker
Morning chair: ERI		
9:00-9:45	Welcome and key note speech	NDRC, GAO Jian IEA, Peter Taylor
9:45-10:15	20% Energy conservation target and industrial energy efficiency: status and outlook	ERI, YU Cong
10:40-11:10	Industrial energy efficiency in developed countries: indicators and status	IEA, Dolf Gielen
11:20-11:50	Energy statistics in China: status and statistics, monitoring and evaluation of the 20% energy conservation target	National Bureau of Statistics, ZHU Hong
Afternoon chair: IEA		
13:30-14:00	The Status of Japanese Cement Industry and Performance Indicators on Cement Industry	Japan Cement Association, Toshio Hosoya
14:00-14:30	Current Status and Energy Efficiency Improvement of China Cement Industry	China Cement Industry Association, ZENG Xuemin
14:40-15:10	The Aluminum Industry's effort	International Aluminum Institute, Chris Bayliss and Jerry Marks
15:25-15:55	Development and energy conservation of China's aluminum industry	China Non-ferrous Industry Association, KANG Yi
16:05-16:35	Iron and Steel global efforts	International Iron and Steel Institute, Jerome Lambert
16:35-17:05	Energy efficiency improvement status and outlook of China's iron and steel industry	China Iron and Steel Association, HUANG Dao

Day 2 Mar. 19, 2008

Time	Content	Speaker
Morning chair: ERI		
9:00-9:30	Efficiency in Energy and climate policy – Chemical industry perspectives.	CEFIC, Charles Lagrange
9:30 – 9:40	Keidanren Activity in Japan	Japan Chemical Industry Association, Motozo Yoshikiyo
9:40-10:10	Energy conservation of Chemical and petrochemical industry in China	China Chemical & Petrochemical Industry Association, SUN Weishan
10:20-10:35	Tea break	
10:35-11:05	Paper and pulp industry: energy efficiency improvement status and potential	Japan Paper Association, Harumi Komuro
11:05-11:35	Energy efficiency of paper and pulp industry in China	China Cleaner Production Centre of Light Industry, LI Zhoudan
11:45-12:00	Breakout discussion(3 groups: iron & steel + non-ferrous metal; chemical and petrochemical; cement and paper& pulp)	ERI, DAI Yande / IEA, Peter Taylor
Afternoon chair: IEA		
14:00-16:00	Group discussion (Iron & Steel and Aluminum, Chemical, Cement, and Pulp & Paper)	
16:00-17:00	Plenary discussion
