Carbon Market Clubs for Standards, Trading and Linking

Developing building blocks for future cooperation on carbon markets
The WBG provides investment, knowledge, advisory and advocacy services to countries to enhance global ambition through markets.
COLLECTIVELY DESIGN AND IMPLEMENT

Carbon pricing and market instruments

... and their core building blocks
ENABLE COOPERATION AND LINKING

Support transparency and comparability of mitigation efforts

Explore opportunities, challenges and requirements for linking

maap.worldbank.org
The WBG will continue supporting the development of domestic carbon policies and markets aligned with NDCs and scale up efforts to connect domestic and regional markets.
Thank you!
