The Future of Autonomous Vehicles

Dr. Tom Voege, Policy Analyst
International Transport Forum (ITF) of the OECD

IEA Expert Workshop, 13th June 2018
ITF-OECD Work on autonomous vehicles

- Roundtable on “Co-operative Mobility Systems and Automated Driving” with Transport Canada
- Roundtable on “Commercial Vehicle On-Board Safety Systems” with FMCSA of the US DOT
- CPB Project on “Safety and Security on the Road to Automated Transport”
- CPB Project on “Data-driven Transport Policy”
- Consecutive CPB Projects on modelling of the impacts on cities of shared mobility systems
Autonomous vehicles: my own experience
AVs on the 2017 Gartner Hype-Cycle

![Diagram showing the Gartner Hype Cycle with Autonomous Vehicles highlighted.](image-url)
An alternative version (Prof. G. Currie)

Source: Author’s edit based on Gartner (2016)
A final remark: spot the difference!?
Thank you for your attention!
